## Letter of Authorization

### To Whom It May Concern,

We hereby certify that:

PEI Laura,  
"Laura" (Store for the Blind)  
Svitla str 39/L2 Kharkiv,  
Ukraine (UA) 61129

Represented by: *Sergiy Moskalets*, CEO

is our sole local appointed distribution partner for the sales of our range of VP braille and tactile graphics embossers and accessories in the country of Ukraine.

The appointment is valid until December 31<sup>st</sup>, 2020, renewed hereafter automatically, unless either party wishes to terminate in writing giving 60 days' notice in advance.

ViewPlus Technologies is a leader in the tactile graphics industry with the development of many Braille printers, hybrid ink/Braille printers, touchpads for audio tactile use and a suite of software solutions for the visually impaired and blind individuals. Our mission is ***Empowering people worldwide by making information accessible through innovative, inclusive technology solutions.***

Innovations such as color and black ink with Braille, talking tactile graphics, fully accessible math, and powerful graphics editing and translation software have provided unparalleled access to information to those we serve.
